

WEDNESDAY, SEPTEMBER 12, 2007		
Hall A	Hall D	Hall F
	RF 01 10:00-10:40 Regional anaesthesia techniques in chronic pain therapy	RF 10 10:00-10:40 Peripheral nerve stimulation to manage chronic pain
	RF 08 11:00-11:40 Does timing of labour epidural analgesia (early versus late) influence outcome?	RF 04 11:00-11:40 Spinal anaesthesia in paediatrics?
	RF 05 12:00-12:40 New anticoagulants and regional anaesthesia catheter techniques (neuraxial, perineural)	RF 06 12:00-12:40 Central blocks for cardiac surgery
<i>Break</i>		
	RF 11 14:00-14:40 Combined spinal epidural block in surgery and obstetrics	RF 02 14:00-14:40 Teaching ultrasound methods in peripheral nerve blocks
	RF 12 15:00-15:40 Safety in regional anaesthesia – an update	RF 03 15:00-15:40 Labour epidural analgesia: continuous infusion, intermittent bolus or PCEA
	RF 07 16:00-16:40 Epidural or spinal anaesthesia for cardiac surgery?	RF 09 16:00-16:40 Procedure-specific Postoperative pain management
18:00 Opening Ceremony followed by Welcome Reception		

Pre-Registration is required (upon availability) for all Refresher Courses, Workshops, Luncheon Sessions, Cadaver Workshops and BBraun Workshop

Refresher Courses*
Symposium
Panel Discussion
Pro/Con Discusson
Workshops*
Free Paper Session
Luncheon Session*
ESRA Diploma Part I
Industry Sponsored Symposium and Workshop**
Special Events & Ceremony

* Pre-Registration required (at an additional cost)

** Pre-Registration required to the BBraun Workshop

THURSDAY, SEPTEMBER 13, 2007								
08:00-10:00 Cadaver Workshop Group 1 (Bus Departs Congress Center at 07:15)								
Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H	Hall I
08:30-10:30 Symposium I Postoperative outcome – The Evidence	08:30-10:00 Panel Discussion I Teaching in regional anaesthesia		08:30-09:30 WO1 Ultrasound- guided blocks in chronic pain	08:30-09:30 WO2 How to avoid nerve damage during peripheral nerve blocks?	08:30-09:30 Best Free Paper I			
			09:40-10:30 Pro/Con Discussion I We still need nerve stimulation when using ultrasound- guided peripheral nerve blocks	09:40-10:30 Pro/Con Discussion II Thoracic epidural analgesia without adrenaline is not optimal practice	09:30-10:30 Best Free Paper II			
10:30-11:00 Coffee Break, Exhibition and Poster Presentations								
10:30-12:30 Cadaver Workshop Group 2 (Bus Departs Congress Center at 09:45)								
11:00-12:30 Panel Discussion II Epidural space revisited	11:00-13:00 Baxter Sponsored Symposium Continuous wound infusion techniques in post-operative pain management		11:00-12:00 WO6 Face and neck blocks in children	11:00-12:00 WO4 (Group A) Ultrasound- guided blocks in children	11:00-12:00 Best Free Paper III			
			12:00-13:00 WO5 Paravertebral blocks in adults and children	12:00-13:00 WO4 (Group B) Ultrasound- guided blocks in children	12:00-13:00 Free Paper I Obstetrics			
13:30-15:30 Cadaver Workshop Group 3 (Bus Departs Congress Center at 12:45)								
13:00-14:00 Lunch Break, Exhibition, Poster Presentations and Luncheon Sessions								

		13:00-14:00 LS06 Regional techniques in the paediatric patient				13:00-14:00 LS01 Regional anaesthesia and anticoagulants	13:00-14:00 LS02 Brachial plexus block with or without ultrasound guidance	13:00-14:00 LS03 How to manage an urgent C-Section?
14:00-16:00 Symposium II Obstetric regional anaesthesia – new approaches to old problems	14:00-16:00 Symposium III Non-neuraxial catheter techniques in postoperative pain management		14:00-15:00 WO7 (A) Peripheral nerve blocks in children	14:00-15:30 Panel Discussion III Special painful conditions	14:00-15:00 Free Paper II Chronic Pain Management			
			15:00-16:00 WO7 (B) Peripheral nerve blocks in children	15:30-16:30 WO3 How to set up an acute pain service?	15:00-16:00 Free Paper III Central Nerve Blocks			
16:00-18:00 Cadaver Workshop Group 4 (Bus Departs Congress Center at 15:15)								
16:00-16:30 Coffee Break, Exhibition and Poster Presentations								
16:30-18:30 Symposium IV Bupivacaine has no place in modern obstetric or paediatric practice - a pro-con symposium	16:30-18:00 Panel Discussion IV Intraarticular technique – current status		16:30-18:00 Panel Discussion V Regional anaesthesia in ambulatory surgery	16:30-17:30 WO8 Upper extremity blocks	16:30-17:30 Free Paper IV Miscellaneous			

10:30-11:00 Poster Presentations Board Numbers 1-48

13:00-13:30 Poster Presentations Board Numbers 49-83

13:30-14:00 Poster Presentations Board Numbers 84-122

16:00-16:30 Poster Presentations Board Numbers 123-158

Pre-Registration is required (upon availability) for all Refresher Courses, Workshops, Luncheon Sessions, Cadaver Workshops and BBraun Workshop

FRIDAY, SEPTEMBER 14, 2007								
Hall A	Hall B	Hall D	Hall E	Hall F	Hall G	Hall H	Hall I	Hall J
08:30-10:30 Symposium V What's new in paediatric regional anaesthesia?		07:30-10:30 BBraun sponsored workshop Advanced Dual Guidance: Nerve Stimulation plus Ultrasound. The Ultimate Combination in Peripheral Nerve Blocks	08:30-09:30 WO11 (Group A) Ultrasound- guided blocks in adults	08:30-09:30 WO12 Head and neck blocks in chronic pain				
			09:30-10:30 WO11 (Group B) Ultrasound- guided blocks in adults	09:30-10:30 WO10 Peripheral nerve blocks – my videos				
10:30-11:00 Coffee Break, Exhibition and Poster Presentations								
11:00-13:00 Symposium VI Adjuvants in regional anaesthesia	11:00-12:30 Panel Discussion VI Patient controlled regional techniques in postoperative pain management	11:00-13:00 BBraun sponsored workshop Advanced Dual Guidance: Nerve Stimulation plus Ultrasound. The Ultimate Combination in Peripheral Nerve Blocks	11:00-12:00 WO9 Lower extremity blocks	11:00-12:00 WO13 Eye blocks				
13:00-14:00 Lunch Break, Exhibition, Poster Presentations and Luncheon Sessions								
					13:00-14:00 LS04 Interventional techniques for cancer pain	13:00-14:00 LS05 Regional anesthesia and neurological complications	13:00-14:00 LS07 Sympathetic blocks for chronic pain management	13:00-15:00 ESRA Diploma Exam Part I (Written)

14:00-16:00 Symposium VII What's new in neuromodulation techniques for chronic pain?	14:00-16:00 AstraZeneca sponsored symposium Benefits of regional anesthesia for pain and patient management	14:00-14:50 Pro/Con Discussion III Caudal anaesthesia still has an important role in paediatric surgery	14:00-15:30 Panel Discussion VII Postoperative hyperalgesia					
16:00-16:30 Coffee Break, Exhibition and Poster Presentations								
	16:30-17:00 Carl Koller Lecture Obstetric problems? Blame the epidural!							
	17:00 Annual General Meeting							
20:00 Congress Gala Dinner at the Cartuja de Ara Christi (pre-booked ticket required at an additional cost)								

10:30-11:00 Poster Presentations Board Numbers 159-198

13:00-13:30 Poster Presentations Board Numbers 199-234

13:30-14:00 Poster Presentations Board Numbers 235-273

16:00-16:30 Poster Presentations Board Numbers 274-315

Pre-Registration is required (upon availability) for all Refresher Courses, Workshops, Luncheon Sessions, Cadaver Workshops and BBraun Workshop

SATURDAY, SEPTEMBER 15, 2007			
Hall B	Hall D	Hall E	Hall F
08:30-10:30 Symposium VIII Uncommon complications of neuraxial blocks	08:30-10:00 Panel Discussion VIII Ultrasound techniques in regional anaesthesia	08:30-09:30 WO14 Interventional techniques in low back pain	08:30-10:00 Panel Discussion IX Combined epidural with general anaesthesia (CEGA) vs. General anaesthesia alone
		09:30-10:30 Free Paper V Peripheral nerve blocks	
10:30-11:00 Coffee Break and Exhibition			
11:00-13:00 Symposium IX How to prevent infection with regional techniques?	11:00-12:30 Panel Discussion X Chronic pain after surgery	11:00-12:00 Free Paper VI Postoperative pain management I	11:00-11:50 Pro/Con Discussion IV Posterior (pippa) approach is the best approach for interscalene brachial plexus block
		12:00-13:00 Free Paper VII Postoperative pain management II	
13:00 ESRA 2007 Best Free paper & Best Poster award ceremony			

Pre-Registration is required (upon availability) for all Refresher Courses, Workshops, Luncheon Sessions, Cadaver Workshops and BBraun Workshop
