Dear Colleague,

Over the past years, anaesthesiologists in most countries have developed a major interest in intravenous anaesthesia. This has been prompted in many cases by the availability of improved drugs, such as propofol and remifentanyl, and the more widespread introduction of target controlled infusion systems. These factors, together with improved education, have led to growing awareness of value of these new techniques for routine anaesthesia and also to the rapidly evolving area of conscious sedation.

Several National and International Societies for Intravenous Anaesthesia have been established and this *First World Congress of Intravenous Anaesthesia* represents the desire to develop a forum to coordinate, facilitate and provide high quality and educational presentations in this emerging area of anaesthetic practice.

In addition, the Congress aims to promote the highest quality of education for those involved with all drugs administered intravenously, and assist the introduction of new techniques into the standard curricula and examination systems of individual countries.

We welcome you to attend what we hope to be an exciting and educational programme, to meet others with similar interests, discuss problems with world experts in this area and enjoy the social aspects of the programme.

Professor Gavin NC Kenny, BSc(Hons), MD, FRCA, FANZCA
Chairman, European Society for Intravenous Anaesthesia

Professor Quirino Piacivoli, MD
Chairman, Italian Society for Intravenous Anaesthesia

September 27-29, 2007

Europewide Accreditation of the Congress

An application has been submitted to the European Accreditation Council for Continuing Medical Education (EACCME) to provide accreditation by the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS): www.uems.net.

Personal Insurance

We recommend that all participants take out a personal travel and health insurance for their trip.

Climate

The weather in Venice is pleasant with a chance of rain. The temperatures in September range from 15-24 C (57-74 F).

Clothing

Clothing is informal for all occasions. Please bring an umbrella, sunglasses and walking shoes.

Visas

Please check with your travel agent if you require a visa for entry to Italy.

Letter of Invitation

Participants requiring a formal letter of invitation to enable them to make their arrangements to participate in the Congress, may receive a letter via the website. Please note that this letter cannot be regarded as a commitment regarding scheduling or financial support from the organizers.

Prizes

Prizes will be awarded for the best presentations. The regulations will be published on www.ia-tiva.org

TERMS AND CONDITIONS

These terms are the contractual agreement between the Organizer and the Exhibiting Firm (Exhibitor/s).

Application to Participate

Application to participate will be considered only if submitted on the appropriate forms, duly completed, signed and accompanied by the necessary payment. Registration will be confirmed insofar as space is available. Applicants will be informed in writing of the acceptance or refusal of their application. In case of refusal, all payments shall be fully refunded.

Obligations and Rights of the Exhibitor

Registration implies full acceptance by the Exhibitors of the exhibition regulations. Any infringement of these regulations may lead to immediate withdrawal of the right to participate in the exhibition without compensation or refund of sums already paid, and without prejudice to the Exhibitor.

By submitting an application to participate, the Exhibitor makes a final and irrevocable commitment to occupy the space allocated and to maintain his/her installation until the date and time fixed for closure of the exhibition.

The Exhibitor may only present on his/her stand or space the materials, products or services described in the application to participate.

No advertising on behalf of firms not exhibiting is permitted in any form whatsoever. Transfer or sub-letting of all or part of the allocated spaces is prohibited.

Obligation and Rights of Organizer

The Organizer undertakes to allocate exhibition space as far as possible on the basis of the preference expressed by applicants. Application will be considered in order of receipt of application forms accompanied by payment. The Organizer reserves the right, in case of absolute necessity, to modify the positioning of stands, with no obligation to provide compensation to Exhibitors. The Organizer reserves the right to offer to a different firm any stand or space that has not been occupied by the eve of the opening of the exhibition, with no obligation to provide compensation to the defaulting Exhibitor.

Cancellation

In case of cancellation received (in writing) as per the above policy.

Liability Insurance

The Organizer provides general guard service and third party insurance at the exhibition site. Equipment and all related display materials installed by Exhibitors are not insured by the Organizer, and they will under no circumstances be liable for any loss, damage or destruction caused to equipment, goods or property belonging to Exhibitors. The Exhibitor agrees to be responsible for his property and person and for the property and persons of his employees and agents through full and comprehensive insurance, and shall hold harmless the Organizer for any and all damage claims arising from theft and those perils usually covered by a fire and extended-coverage policy.

Exhibition Regulations

The Exhibition Manager, acting under direction of the Organizing Committee, has the final decision as to the acceptability of displays.

Exhibitors are not to share with others any space allotted to them without prior written consent by the Exhibition Manager.

The Organizer reserves the right to alter the general layout or limit the space allotted to each Exhibitor, postpone the exhibition or transfer it to another site if unforeseen circumstances warrant such action. Should any contingency prevent the holding of the exhibition, the Organizer will not be held liable for expenses incurred other than the cost of exhibit space rental fees.

All exhibits are to be displayed so as to avoid blocking aisles, obstructing adjoining booths, damaging the premises or the leased equipment. Exhibitors are kindly requested to allow sufficient see-through areas, which ensure clear views of surrounding exhibits.

In standard booths, height is restricted to 246cm. Exhibitors are responsible for the cost and execution of the design, installation and delivery of their display to (and its removal from) the exhibition site.

Flammable materials are not to be used. Equipment displayed or demonstrated must be installed with strict adherence to safety measures.

Exhibitors undertake to observe the timetable designated for completion of their display before the exhibition opening and its dismantling at the close of the exhibition. No dismantling or packing of the display before the designated hour. It is the Exhibitor's responsibility to pack and remove or consign for shipment all items of value prior to leaving their exhibit unattended, otherwise the Organizer will arrange for their removal at the Exhibitor's risk and expenses.

Exhibitors are obliged to ensure that their stands are permanently staffed during the exhibition opening hours. Payment is to be made in accordance with the conditions of payment on the Exhibition Application Form. Should the Exhibitor fail to make a payment on time, the Exhibition Manager is entitled to terminate the contract, withdraw confirmation of acceptance, make other arrangements for the stand or seek compensation for non-fulfillment of contract.

Participation by Exhibitors is dependent upon compliance with all rules, regulations and conditions stated herein. Access to the exhibition is authorized on presentation of a badge issued by the Organizer. Exhibitors' badges will not be mailed in advance and may be collected from the Exhibition Manager's desk.

The Organizer ensures daily cleaning of the aisles. Exhibitors are responsible for the cleaning of their stands. The provision of refreshments for the participants by Exhibitors is only permitted if the catering regulations of the exhibition building concerned are observed.

Exhibition areas and fittings made available to Exhibitors must be handed back in their original condition. In case of damage or loss of equipment provided, or damage to areas occupied, repair and replacement will be charged to the Exhibitor.

Any special decoration or fittings must be submitted to the Organizer for prior authorization.

Advertising panels and display are not permitted outside the exhibition areas allotted to Exhibitors.

The Organizer will not approve stands, which do not comply with the accepted standards, until the necessary changes have been made.
