Invitation from the Immediate Past-President of the World Institute of Pain

Dear Colleagues and Friends,

I take great pleasure to invite you to attend the **13th Interventional Pain Conference**, which will be held **September 8-10, 2008**. The FIPP examination will be held on September 11, 2008.

Most of the pains that we are treating in one way or other is NEUROPATHIC and as such our armamentarium is not only neuromodulation techniques, nerve blocks, injection and infusion approaches but significant portion of our patients receive medication and functional restoration and psychological interventions as well. The intention is to bring the new developments to the participating physicians and provide the best possible information to better take care of our patients.

The World Congresses provide the forum of more time to get the basic scientists and their new information and the clinicians together so that clinical and basic science has a better chance to interact. Again for the solitary purpose of taking better care of our patients.

The faculty consists of renowned professionals and high-quality practitioners, who will present based on evidence as well as clinical experience. As the conference is devised around teaching and learning for better patient care, we have no doubt that at the conference end; all participants will be enriched within our specialized field of pain treatment.

Participants applying to the examination preparation course will encounter academic and "hands-on" training. The FIPP exam tests for patient safety, breadth of knowledge and provides an opportunity to document the candidates' skills. The examiners are recognized experts, each holding a "Scottie dog" scarf or tie, as all have passed the FIPP Examination.

Situated in the heart of Central Europe, Budapest is easily accessible and one of Europe's most beautiful cities. It is the capital and the cultural, economic and scientific centre of Hungary. Budapest is rich both in natural resources and historical monuments. Peaceful and bustling, a big metropolis and yet friendly, it treasures the old and embraces the new. Here the historic blends with the modern, the hills from Buda harmonize with the river Danube, which flows through the city along a stretch of 28 kilometers.

Budapest has been a great location for the 4th World Congress in September of 2007 as we had physicians participating from 73 countries. All of the 1845 participants left the congress with happy memories and better prepared to take care of their patients.

I look forward to welcoming all who join us for this conference.

With best wishes,

Gabor B. Racz, MD, FIPP

Founder & Immediate Past-President, World Institute of Pain - WIP

Information on the World Institute of Pain (WIP)

WIP

The World Institute of Pain is a worldwide organization which aims to promote the best practice of pain medicine throughout the world. It brings together the most recognized experts in the field of pain management for the benefit of patients and the advancement of pain management.

CONCEPT

The majority of acute, chronic, and cancer patients are inadequately represented in the world. The population of chronic pain and cancer pain patients is expected to double by the year 2030; the older population is expected to live longer. Specialized and focused care of pain patients is essential if adequate and continued care is to provide comfort and functional improvement in their daily living. Pain medicine specialists can provide this care.

GOALS

- ✚ To educate and train personnel of member pain centers by including local hands-on training, international seminars, and exchange of clinicians.
- ✚ Update pain centers with state-of-the-art pain information, including a newsletter, scientific seminars, interlined telecommunications, and publication of a journal and books.
- ✚ Develop common protocols for efficacy and outcome studies.
- ✚ Communicate administrative and patient-related matters on a regular basis by way of newsletter, telephone hook-up, world directory of pain centers (region by region), and video conferencing (including patient consultation).
- ✚ Categorize and credential pain centers by mail correspondence, local information and the industry's medical representatives.
- ✚ Develop examination process for pain centers in testing trainees, and provide know-how in the examination process.
- ✚ Encourage interested industries to provide information on pain medicine in each region of the world; to bring together local pain physicians and industry, for education in new technology and training; and to formulate a fellowship-training program

ARRIVAL IN BUDAPEST

By Air

International flights arrive at Ferihegy International Airport, which is 22 km southeast of the city.

Transportation from the Airport

By Train

Passengers can easily reach the Western Railway Station in Budapest from Ferihegy Terminal 1. On weekdays and at weekends trains ease the travelling from the airport to the city center within less than half an hour for 300 HUF.

By Taxi

Zóna taxi offers low prices and high quality level of services. At the same time, pre-ordered taxis can be ordered as usual at the airport.

By Minibus

Similarly to all airports, Budapest Airport also operates a shuttle service called 'Airport Minibus'. Passengers are taken to the requested address by minibuses with eight to eleven seats. Multi-language speaking drivers know Budapest and its traffic, including the simplest and fastest routes very well.

By Metro and Bus

Budapest Airport is relatively well accessible also by Public Transportation. Passengers are taken by a direct bus service from Terminals 1 and 2, called the Bus 200 to Köbánya-Kispest metro terminal providing a link between the city and the airport even after midnight and at early dawn.

Bus 93 operates from Terminal 1 to Köbánya-Kispest Metro Station. By the 'blue' (3) Metro you can reach Deák Ferenc Square in the City in 20 minutes. Public Transportation can be used for a fare: the one-way through-ticket costs HUF 230 [260 HUF when buying on the bus from the driver]. EXHIBITION REGULATIONS

The Exhibition Manager, acting under direction of the Organizing Committee, has the final decision as to the acceptability of displays.

Exhibitors are not to share with others any space allotted to them without prior written consent by the Exhibition Manager.

The Organizer reserves the right to alter the general layout or limit the space allotted to each Exhibitor, postpone the exhibition or transfer it to another site if unforeseen circumstances warrant such action. Should any contingency prevent the holding of the exhibition, the Organizer will not be held liable for expenses incurred other than the cost of exhibit space rental fees.

All exhibits are to be displayed so as to avoid blocking aisles, obstructing adjoining booths, damaging the premises or the leased equipment. Exhibitors are kindly requested to allow sufficient see-through areas, which ensure clear views of surrounding exhibits.

In standard booths, height is restricted to 246cm. Exhibitors are responsible for the cost and execution of the design, installation and delivery of their display to (and its removal from) the exhibition site.

Flammable materials are not to be used. Equipment displayed or demonstrated must be installed with strict adherence to safety measures.

Exhibitors undertake to observe the timetable designated for completion of their display before the exhibition opening and its dismantling at the close of the exhibition. No dismantling or packing of the display before the designated hour. It is the Exhibitor's responsibility to pack and remove or consign for shipment all items of value prior to leaving their exhibit unattended, otherwise the Organizer will arrange for their removal at the Exhibitor's risk and expenses.

Exhibitors are obliged to ensure that their stands are permanently staffed during the exhibition opening hours.

Payment is to be made in accordance with the conditions of payment on the Exhibition Application Form.

Should the Exhibitor fail to make a payment on time, the Exhibition Manager is entitled to terminate the contract, withdraw confirmation of acceptance, make other arrangements for the stand or seek compensation for non-fulfilment of contract.

Participation by Exhibitors is dependent upon compliance with all rules, regulations and conditions stated herein.

Access to the exhibition is authorized on presentation of a badge issued by the Organizer. Exhibitors' badges will not be mailed in advance and may be collected from the Exhibition Manager's desk.

The Organizer ensures daily cleaning of the aisles. Exhibitors are responsible for the cleaning of their stands.

The provision of refreshments for the participants by Exhibitors is only permitted if the catering regulations of the exhibition building concerned are observed.

Exhibition areas and fittings made available to Exhibitors must be handed back in their original condition. In case of damage or loss of equipment provided, or damage to areas occupied, repair and replacement will be charged to the Exhibitor.

Any special decoration or fittings must be submitted to the Organizer for prior authorization.

Advertising panels and display are not permitted outside the exhibition areas allotted to Exhibitors.

The Organizer will not approve stands, which do not comply with the accepted standards, until the necessary changes have been made.
